**Our personal message:**

Thanks for visiting our fundraising page.

We are undertaking a bike ride to visit all of our 37 MKM branches (1008 miles in total). Due to the problem of having to run our business at the same time we are doing this great adventure on a bike in our showroom. Each team member is cycling for 1hr at a time for 9hrs per day until we reach our target and raise £1 per mile (£1008).

Donating through Justgiving is quick, easy and totally secure. It's also the most efficient way to sponsor me: British Heart Foundation gets your money faster and, if you're a UK taxpayer, Justgiving makes sure 25% in Gift Aid, plus a 3% supplement, are added to your donation.

So please sponsor us now

**About our charity :** **British Heart Foundation**  
The British Heart Foundation is the nation's heart charity. Every day they save lives, through pioneering research, providing vital information to help people reduce their own heart health risks, campaigning for change and supporting and caring for heart patients.  
Charity Registration No 225971
